SUBJECT: **NAVAL REACTORS DOE ORDER IMPLEMENTATION BULLETIN NUMBER 475.1-1-66, REVISION 3, IDENTIFYING CLASSIFIED INFORMATION**

TO: Manager, Naval Reactors Laboratories Field Office

DOE Order 475.2, IDENTIFYING CLASSIFIED INFORMATION and DOE MANUAL 475.1-1, MANUAL FOR IDENTIFYING CLASSIFIED INFORMATION establishes responsibilities, authorities, policy, and procedure for the management of activities to identify classified information, documents, and material.

The Deputy Administrator for Naval Reactors has responsibility for oversight and implementation of safeguards and security matters within the Naval Reactors Program. Therefore, the Deputy Administrator for Naval Reactors shall in accordance with the responsibilities and authorities assigned by Executive Order 12344 (statutorily prescribed by 42 USC 7158, note) and to ensure consistency throughout the joint Navy/DOE organization of the Naval Nuclear Propulsion Program, implement and oversee all requirements and practices pertaining to this DOE Order and the related DOE manual for activities under the Deputy Administrator's cognizance.

In conformance with the responsibilities and authorities set forth above, the Naval Nuclear Propulsion Program implements DOE Order 475.2 and DOE Manual 475.1-1, as modified in the attached. Conflicts arising from the implementation of this order and manual should be directed to this office for resolution.

This DOE Order Implementation Bulletin supersedes Implementation Bulletin Number M475.1-1-66, Revision 2. This revised Implementation Bulletin should be attached to copies of the subject order and manual and transmitted to those contractors for which you are responsible.

S. J. Trautman
Deputy Director
for Naval Reactors
